

A black and white photograph of a small, single-story building with a gabled roof. The words "SNACK BAR" are written in large, bold, capital letters across the front of the building, just below the roofline. Above the text are two small, square, louvered windows. The entrance is a large glass door with a multi-paned window above it. Two men in light-colored uniforms and caps stand with their backs to the camera, looking into the entrance. To the left, another man in a uniform is partially visible. A large wooden utility pole with cross-arms spans across the top of the building. In the background, other buildings and utility poles are visible under a clear sky.

HARBOUR PHOTO CAPTIONS

These were taken in 1957, while I was a member of the 35th Fighter Bomber Squadron, later designated as the 35th Tactical Fighter Squadron. That is me in the pictures and the squadron F100 aircraft in the background. [Note "Triple Nickel" 555]

Picture Itazuke1 - a line of F100's of the 35th Fighter Bomber Sq, taken in 1957.

Picture Itazuke2 - a close up of one of those aircraft, also taken in 1957.

Picture Itazuke3 - the Service Club on the Air Base side of Itazuke.

Picture Itazuke4 - the Snack Bar (obvious from the pic) on the Air Base.

Business cards and an article that was in the National Skeet Shooting Assoc magazine of long ago. I hope you can locate someone that is on the list or business cards and I bet he will know of some others that shot skeet at the Itazuke Skeet Range during 1966-1969. Would very much like to hear from any and all of them. Also attached is a picture of a gift that was given to me by one of the Japanese skeet shooters upon my departure from Japan in 1969. One of the business cards is mine that I used, but one of the shooters had written his name on it, so I included it also.

I am rescanning the KBC pics and sending them. I will send one on each separate email since the bytes will probably be high. This should help in time to send and in your downloading. As far as being on KBC now, I would probably break the lens on their cameras. ♦♦ Maybe you could talk them into just doing a spot about Americans that were stationed at Itazuke looking for Japanese friends. Dont know if they still have a TV program such as the "Tea Time" show, I seriously doubt it. But you never know!

Pic Chieko and Mr. Nishii - a pic of a Chieko (last name unknown) that worked in Personal Affairs and Mr Nishii, who worked as Asst Base Suggestion Program Administrator at Itazuke during 1966-1969. Would like to locate Chieko and family of Mr Nishii and see if they would want copies of other pictures I have of them/him. I heard thru the bamboo telephone (GI slang for rumor) that Mr Nishii passed away at age of 93 but had become rather well known for his calligraphy after his retirement. He was being forced to retire by the Civilian Personnel Office at the age of 65 when this picture was taken at Christmas 1967 or 1968.
